## **MEDIA RELEASE – ALL MUNICIPAL OPERATIONS ON HOLD**

TOWNSHIP OF CHATSWORTH - Due to the critical threshold with the COVID-19 pandemic in Grey Bruce, all municipal operations have been put on HOLD for the next 48 hours as per Medical Officer of Health Dr. Ian Arra's directive, with the exception of emergency services (fire and water)

Our municipal office remains closed to the public. Building Department services and inspections are CANCELLED for the remainder of the week. Both the Sullivan Waste Transfer Station and the Holland/Markdale Landfill Sites will be closed on Saturday, April 17.

Staff are working remotely and are available for assistance via phone or email.

“Our priority is to keep both our staff and the public safe. We are asking everyone to please do their part and stay at home unless absolutely necessary to help prevent the further spread of this virus”, said Mayor Mackey.
