## **Flags to be Lowered in Honour of Indigenous Children**

All flags at Township of Chatsworth facilities will be lowered to half mast on July 1 to honour and pay respect to the Indigenous children being discovered at residential schools across Canada.

“This Canada Day we ask our residents to reflect on the tragedy of residential schools and the Indigenous children whose lives were taken much too soon”, said Mayor Scott Mackey.

We encourage everyone to learn and honour the lives of these children. Listen to their stories and reflect on our individual responsibilities to our collective path toward truth and reconciliation.
